ServiceTitan® | LENNOX

Partnership Integration

ServiceTitan's Mission

Giving tradespeople the technology to grow their business, run their back office, and provide an exceptional customer experience, so the world keeps running.

"It would've taken hours and hours to pull this many new products into our pricebook manually. With this integration, we added a whole catalog of Lennox products into our ServiceTitan system in less than 20 minutes. It was super fast and super easy."

Steven Lewis, Owner
Ambient Edge HVAC

Maximize Business Performance

Accelerate revenue and boost profitability with a data-driven, all-in-one configurable platform built to give you a competitive edge in the trades.

Grow Profitably and Scale

Fuel growth with enterprise-grade capabilities providing a holistic approach to your business. Easily identify opportunities, improve business processes, and replicate success.

Deliver Customer Experience

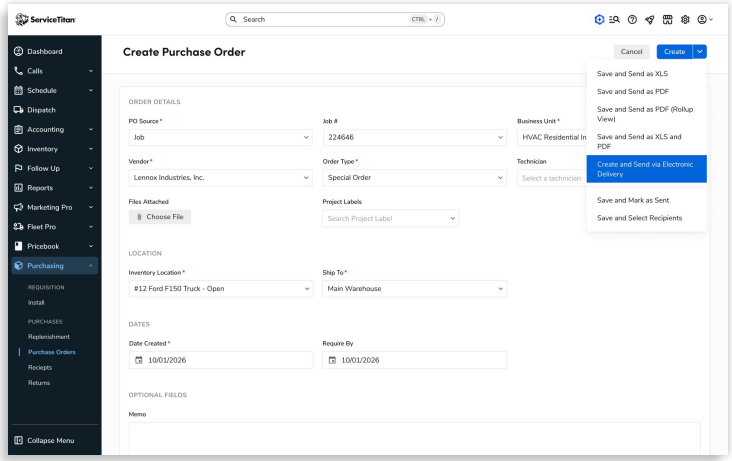

Seamless outreach, communications, job coordination, billing, and financing — optimized from the same powerful platform.

Setting up the integration? See the onboarding guide.

Integrated Catalog, Pricing, and Procurement

Lennox, Fully Integrated: Catalog, Pricing & Procurement

ServiceTitan contractors can now browse the live catalog, see their own pricing, and send purchase orders straight to Lennox, all without leaving the platform.

NEW Full Procurement: Now Available

Create and send ePOs directly to Lennox from ServiceTitan. Real-time pricing, product availability, and PO status tracking come built in. No manual re-entry. No separate portals.

- In-app purchase orders: Send ePOs directly to Lennox from ServiceTitan
- Real-time pricing and availability: View live Lennox pricing (incl. CDQ pricing) and availability before submitting an order
- PO status tracking: Monitor your order directly in ServiceTitan, from placement to fulfillment

Real-Time Catalogs and Pricing

Automatically receive detailed product information, model numbers, vivid photos, pricing, and availability from Lennox's trusted product line.

Instantly Build Estimates

Browse and integrate Lennox's pricebook to create clear, powerful estimates with just a few taps.

Happier Customers, More Profitability

Real-time availability means accurate delivery timelines — so you can schedule a return visit, get back on site faster, and recognize revenue sooner.

Setting up the integration? See the onboarding guide.
