

The AIRADVICE SYSTEM with **LENNOX**

Grow Your Revenue Without Adding Staff!

SYSTEM BENEFITS

Professional Indoor Air Quality Testing

- Distinguish yourself from the competition and **better serve clients**.
- Meet **growing demand** for IAQ testing.
- A **valuable add-on** for any residential or commercial inspection.
- Identify IAQ issues and reference industry standards with **two report options**: 30-minute report and a multi-day report.
- Report templates suited for both **Residential and Commercial** applications.

Additional Benefits

- Weekly monitor usage reporting for managers.
- Dashboard tools for data logging and IAQ analysis.
- Add a branded **custom page** to the report with your IAQ products and services.
- Calibration services included.

Training

- **Industry leading IAQ training** includes the certificate and badge for individuals.
- Unlimited training, coaching, & technical support.
- NATE, BPI, and InterNACHI credits available.

ServiceTitan

REPORTING

Our **action-oriented** reports provide an accurate picture of a home's IAQ as it relates to the HVAC system by covering seven IAQ parameters. These reports enable you to make on-site recommendations and include results with your overall inspection report or quote.
