

A woman with long dark hair, wearing a pink shirt and blue jeans, is sitting on a wooden stool in a kitchen. She is smiling and holding a green bottle. A young child with curly hair, wearing a striped shirt and khaki shorts, is standing next to her, also smiling. The kitchen has white cabinets and a granite countertop. The background is slightly blurred, focusing on the woman and child.

LENNOX

For every application and configuration, our cooling coils are the

PERFECT CHOICE

C33, CH33, CR33,
C35, CX35,
C37, CX38

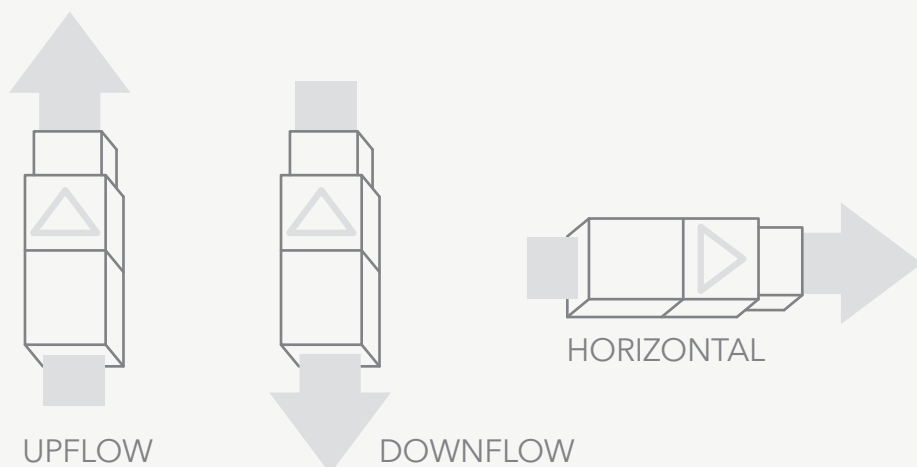

UPFLOW, DOWNFLOW
& HORIZONTAL
COOLING COILS

Offering minimal air resistance for better performance

APPLICATION FLEXIBILITY

Whatever the application and cooling need, our full line of coils will fit the bill. Designed to enhance system efficiency when matched with a Lennox® furnace, our cooling coils are available in upflow, downflow and horizontal configurations, giving you optimum performance and maximum installation flexibility.

EFFICIENT PERFORMANCE

Featuring lanced fins, a thermostatic expansion valve and aluminum or rifled copper tubing, Lennox coils are specifically designed to improve system efficiency and performance.

EFFICIENCY INNOVATIONS

LANCED FINS

Improve heat transfer and system efficiency.

RIFLED COPPER TUBING

Enhances refrigerant flow for maximum heat transfer and efficiency.

ALUMINUM TUBE CONSTRUCTION

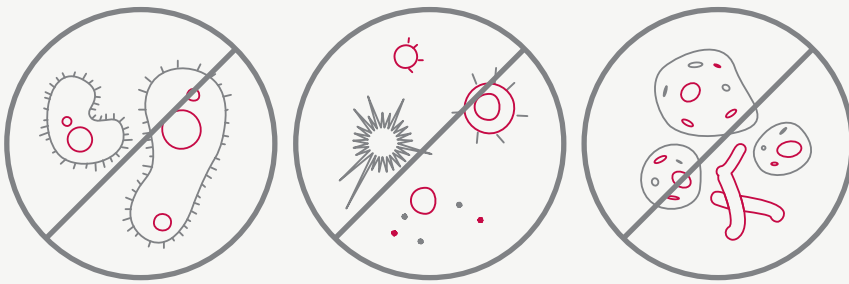

Provides great heat transfer and additional resistance to environmental contaminants (C35/CX35 only).

THERMOSTATIC EXPANSION VALVE

Factory-installed valve ensures highly efficient operation (CX35/CX38 only).

LASTING COMFORT

Our well-built coils cool and dehumidify for lasting comfort. Drain pans, featuring innovative Microban® technology, provide permanent protection against odor-causing bacteria and mold.

COMFORT INNOVATIONS

FOIL-FACED INSULATION

Helps prevent buildup of moisture and dirt, which can cause mold growth.

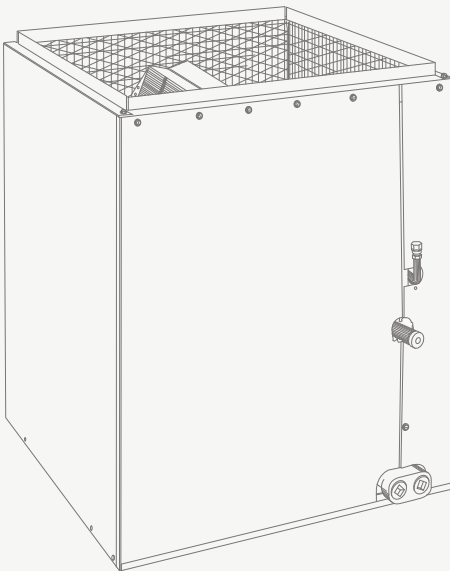

ANTIMICROBIAL DRAIN PAN

Made of noncorrosive, UV-resistant polymer. Includes an antimicrobial agent that provides protection against mold and mildew growth.

INNOVATIVE DESIGN

Minimal air resistance delivers better system performance.

LONG LASTING

Durable components, such as corrosion-resistant casing and drain pans, help guard against unexpected service calls. All Lennox coils are built to high standards and are backed by excellent warranties.

10 YEAR
LIMITED
WARRANTY

WITH PRODUCT
REGISTRATION

PEACE-OF-MIND PROTECTION

The Lennox cooling coils come with a 5-year limited warranty on covered components.*

*Covered components may be eligible to receive a 10-year limited warranty. Online equipment registration at www.lennoxregistration.com is required within 60 days of installation (except in California and Quebec) or Lennox' base warranty will apply. Coil must be matched with a Lennox Elite® or Merit® Series outdoor unit to qualify. Registration is not required when coil is installed in systems which include Dave Lennox Signature® Collection equipment. Applies to residential applications only. See actual warranty certificate for details.

Note: Due to Lennox' ongoing commitment to quality, specifications and ratings are subject to change without notice.

Innovation never felt so good.®

FLEXIBLE INNOVATION

Designed to fit every application and cooling need

BUILD AN ELITE® SYSTEM

When matched with a Lennox® furnace, our cooling coils enhance system efficiency and improve performance.

FINANCING YOUR COMFORT

Enjoy more comfort and purchasing power. Take advantage of flexible financing options that allow you to enjoy the innovation, precision and efficiency of Lennox on your terms.*

*Subject to credit approval. Minimum monthly payments required. See your Lennox Dealer for details.
