

12 Year Coil and Coil Pairing

Dealers and Equipment Owners registering Evaporator Coils will have the option to pair equipment on Warranty Your Way. When registering a Lennox Air Conditioner or Heat Pump and a Lennox Branded Evaporator Coil with the same install date on the same form, the units will either auto pair or present pairing options. Once paired, the equipment will receive the same extended warranty offers. With this update, coils matched with a David Lennox Signature Collection outdoor unit will now show as eligible for 12 year parts or 10 year parts with 3 year labor on Warranty Your Way.

One to One Pairing – When registering one coil with one outdoor unit, the system will automatically pair the units.

Dave Lennox Signature Collection (DLSC) Coil Warranty Policy
Per Lennox Warranty Policy DLSC systems should share the same coverage. Below we have selected the appropriate coil for your main unit.

Air Conditioner		
5817F17400	Not Registered	11/01/2022
AIR CONDITIONER	LENNOX	XC25-036-230-01
Evaporator Coil		
6018C24517 - CX35-60C-6F-1 - 11/01/2022		

One to Many Pairing - When registering more than one coil with one or more outdoor units, the dealer or equipment owner will be presented with options for pairing the units. There will also be an option to skip pairing for the equipment listed. Please note that a selection must be chosen to move forward in the registration process.
