

Enable LennoxPROs. Increase Efficiency.

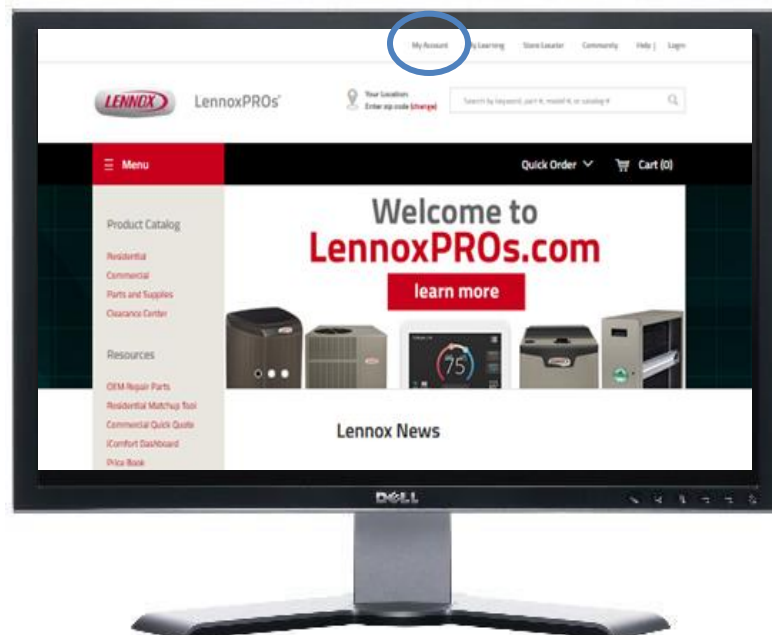

LennoxPROs mobile and desktop features add efficiencies to each member of your team. From your technicians and comfort advisors to your office administrators, LennoxPROs enables your team to have instant access to Lennox information anytime, anywhere.

Add LennoxPROs users, today!

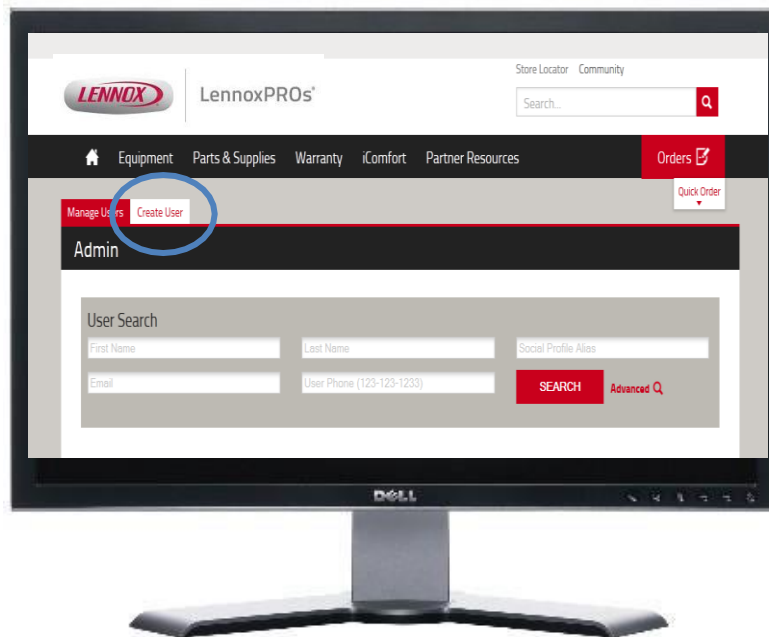

Get Started:

1. Login to LennoxPROs.com and click "Admin".

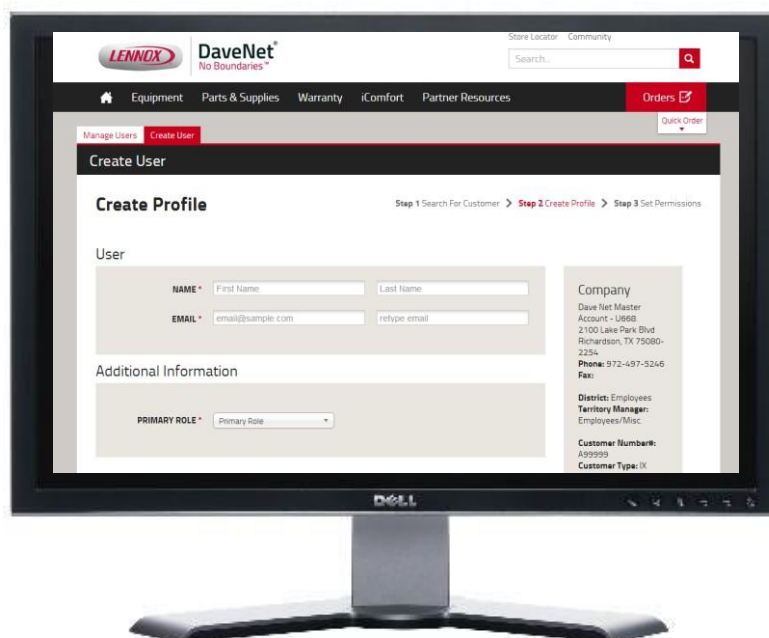

Note: In order to add users to your account, you must be the LennoxPROs administrator.

2. Next, click the “Create User” Tab.

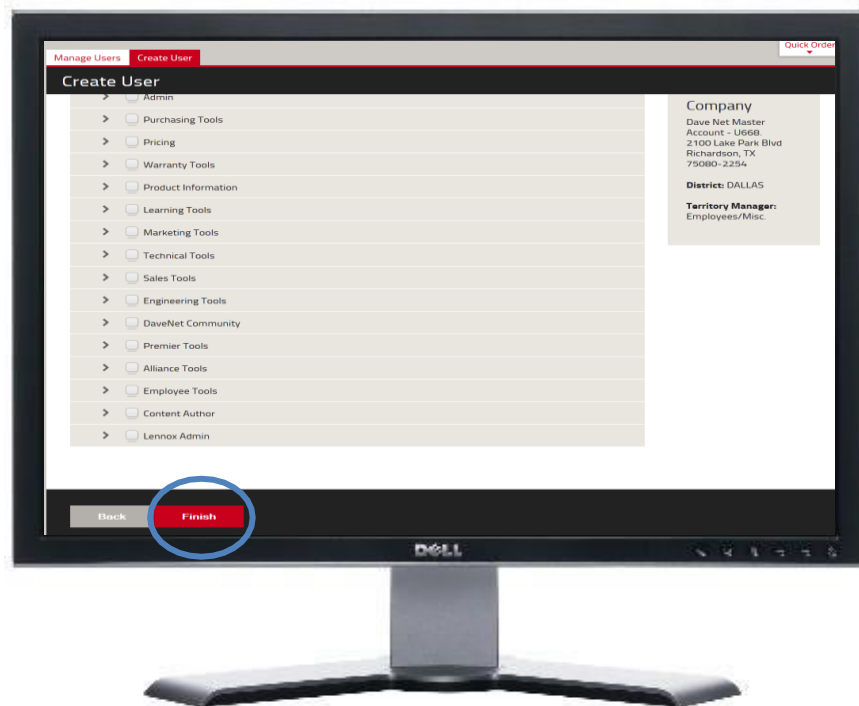

3. Create the User Profile and click “Next” when you’re finished.

4. Set the new user's permissions and click "Finish".

With LennoxPROs, you're always in control. You can control what information your employees see and what tools they can use with LennoxPROs' permission assignment tools.

For example, say you have a technician who you want to see Technical Tools but not Marketing Tools. Simply check the box by "Technical Tools" and make sure to leave the box by "Marketing Tools" unchecked.

5. The user will receive an email with their credentials and LennoxPROs login instructions.

You're done!
